This event is a fund raiser hosted by Washington Trail Riders Association from Brush Prairie Washington. All funds from this event will be used for trail maintenance on trails including but not limited to Kalama Horse Camp, Rock Creek Camp, Battle Ground Lake Horse Camp, Bonneville Dam trail.

Saturday and Sunday will both be a Trail Challenge of 6-8 miles with at least 6 obstacles. We will be having a Pot Luck on Saturday night so bring your favorite food.

The event will be held at Rock Creek Campground (website [www.dnr.wa.gov](http://www.dnr.wa.gov)) in southwest Washington which is approximately 25 miles north of Vancouver Washington. The campsite is wooded, has a large shelter for eating and gathering, and a firepit (burning permitted). There is no electricity, and there are vault toilets. You will need to bring your own water. This trail will have bridges over water without an alternate route. If you cannot ride your horse over the bridge you can dismount and walk your horse over the bridge without penalty. There are also up and down hills and rocks that you will need to negotiate. Shoes or boots are recommended .

Fees at the Campground are just a Discover Pass which you can purchase through Washington State prior to the event. There are no additional fees for overnight camping. The park is forested. There are 19 campsites. The campsites can accommodate 1-4 rigs depending on the site and they have 2-4 corrals depending on the site. There is also a group camp site that can accommodate 4 rigs depending on the size of each rig. There is a small day parking area that can accommodate 6 two horse trailers tightly and it is a pull around so would not need to back up. There are a couple other areas that we can day park a few rigs and if

needed there is parking on the road if needed which is very lightly traveled.

## **ADDITIONAL OPPORTUNITIES**

There are other trails to ride after the Saturday and/or Sunday event which will take you through forest and view areas. These trail also have bridges and hills to negotiate.
