

## "Learning Opportunity, July 23, 2016"

"Getting started as a recreational or volunteer horse or mule packer!"

Sponsored by the Backcountry Horsemen of Washington

Ed and Sue Haefliger will be instructing on how they use their equipment and

pack animals to venture into the backcountry.

The class will consist of instructional and hands on subjects.

If you have ever seen a pack string go by on a trail or saw a photo on a calendar face page and

wondered, "Could I do that?" Here is your chance to find out! Our goal with this learning opportunity is to help in getting more trail riders camping and packing with their horses and mules.

This class is in connection with the TrailMeister's instructional seminar "Camping with Horses beyond the Trailhead 102", section titled "Preparation".

Our class will start at 9:30 AM and run until 3:00 PM. Please do not bring stock or dogs.

We look forward to visiting with you at our home, 400 SE Kalium Drive  
Shelton, WA. 98584

Please call ahead to reserve your place in class 360-427-4297, or email:  
mtcanary@msn.com.
