

STONE
STATE PARK

EXPLORE IOWA STATE PARKS!

Founded in 1920, Iowa's state park system boasts 87 state parks for you to explore and enjoy.

Take in the seasons here at Stone State Park. The park first opened in 1912 as a city park and became a state park in 1935. Today the park is available for year-round adventure. Experience winter by snowshoe, cross-country skis, or snowmobile. Enjoy hiking, horseback riding, and mountain biking throughout the warmer months. Spring explodes with the color of woodland wildflowers. Come fall, changing leaves add their vibrant colors to the scene. Immerse yourself in nature throughout the year at Stone State Park.

Plan ahead and prepare –

- Make sure you prepare for the day by bringing plenty of water, sunscreen, bug spray, and comfortable walking/hiking shoes.
- Always make sure someone knows you are out on the trail.

Dispose of waste properly –

- Pack out all trash, leftover food and litter.
- Pick up any litter you find on the trail and make the place better for the next visitor who comes along.

Respect wildlife –

- Observe wildlife from a distance. Do not follow or approach them. Leave all young wildlife as you find them and don't assume they've been abandoned. Many adults hide young to keep them safe while they are out feeding or leading predators away.
